A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

Fee Amount: **\$0.00**

Code Number	Description of Violation	Correct By
	No Violations to Report	

Inspection Notes

Notes: There are some mouse droppings in the dry storage area. Clean and sanitize the areas where there are mouse droppings daily so you can monitor where the mice activity is. This will aide in controlling the mice. Continue to provide pest control.

Suggestion: Install an "add a faucet" at the sprayer at the 3 compartment sink where ware washing is being done. The add a faucet will encourage more hand washing and will prevent contamination to surfaces or food as a result of using the sprayer.
